 constituerint, vos oportebit eam defendere.
 a. Aut . . . aut b. Quo . . . eo c. Utrum . . . an d. Sive . . . sive

Use the following passage from the Annales of Tacitus to answer questions 46-50.

Forte illis diebus Campaniam petiverat Caesar, et Cumas usque progressus Petronius illic attinebatur; nec tulit ultra timoris aut spei moras. Neque tamen praeceps vitam expulit, sed incisas venas, ut libitum, obligatas aperire rursum adloqui amicos, non per seria aut quibus gloriam constantiae peteret.

5 Audiebatque referentis nihil de immortalitate animae et sapientium placitis, sed levia carmina et facilis versus. Servorum alios largitione, quosdam verberibus adfecit. Iniit epulas, somno indulsit, ut quamquam coacta mors fortuitae similis esset.

46. What is the best translation of forte in line 1?
a. brave b. bravely c. by chance d. perhaps
47. Identify the case and number of facilis versus in line 6.
a. nominative singular b. genitive singular c. nominative plural
d. accusative plural
48. Identify the case and usage illustrated by somno in line 7.
a. dative with special verbs b. dative of reference c. ablative of means
d. ablative of agent
49. What form of sum would best complete coacta in line 7?
a. sit b. esset c. erat d. est
50. Which of the following best describes the manner of Petronius' death?
a. praeceps b. ut libitum c. gloriam constantiae d. ultra . . . spei moras
